Product/Installation Notes

Due to the nature of ceramic as a material, small variations in size and shape can occur. Ensure that the measurements of the purchased basin are checked physically **before** cutting the vanity top. Specification drawings are a guide only. Fienza will not be held liable for any errors made by customers when cutting vanity tops.

We aim to ensure that specifications are correct at the time of publication. All measurements are shown in millimetres. Always use measurements of actual product received for final specification as the technical drawing may contain differences. Please note this product may have a visible printed FIENZA or Watermark logo. Due to printing limitations, physical colour may vary from the image shown. FIENZA reserves the right to make modifications without prior notice.
